How telemedicine works

SCHEDULE

Use your phone or app to schedule a tele-consultation with an MD or mental health counselor, which typically takes place within 30 minutes

REVIEW

A care coordinator reviews your symptoms & medical history

CONSULT

Consult with a U.S. certified physician or a Master's level mental health counselor for treatment; MDs may also prescribe medication

All consultations are HIPAA-compliant to ensure patient privacy

No work time lost

"I did my visit from my car while driving home. The doctor noticed the wheezing in my voice. I did not think of saying that to the doctor. Later that evening I was able to pick up my prescription from the pharmacy. Way to go!" – J.M., Pennsylvania

My Telemedicine MD spends more time than my regular doctor

"My experience with the Telemedicine doctor was great! He really cared about my well-being & was very helpful. He spent more time with me than my regular doctor does." – J.B., Arizona
